Rotherhithe Waterside

Monday, 9th December 2024

Dear Residents

Thank you to those of you who returned your surveys.

We know many of you were concerned that the survey was not relevant to them, and so are pleased that the response was 66.7% which is approximately two thirds and on the whole the results were positive and encouraging.

All feedback will be taken on board and hopefully next year we will have more replies and more satisfied residents.
